Notice: New Fasting and Admission Rules for Planned Surgery

Sam Phrao Veterinary Hospital, Udon Thani · Client Notice CN-2026-09 · Issued 14 September 2026

1. What is changing

From **Monday 5 October 2026**, all planned (non-emergency) operations at Sam Phrao Veterinary Hospital, including neutering, dental cleaning under anaesthesia and lump removal, will follow the new admission rules below. The rules were approved by our Head of Surgery, Dr. Nattaya Wongsila. Emergency surgery is not affected.

2. Fasting before anaesthesia

- Dogs and cats: no food after **22:00** on the night before surgery. Until 30 September the cut-off was 20:00.
- Water: dogs and cats may drink water freely until **06:30** on the morning of surgery.
- Puppies and kittens under 16 weeks: a small meal is allowed up to 4 hours before admission.
- Diabetic pets: follow the individual feeding and insulin plan from your vet, not the times above.

Note. Rabbits, guinea pigs and chinchillas must **not** be fasted. Keep offering hay and water as normal.

3. Pre-operative blood test

A blood test within 14 days before surgery is now required for every pet aged 7 years or older and for any pet with a known heart, liver or kidney condition. Walk-in pre-operative clinics are held on Tuesday and Thursday, 13:00 to 16:00.

4. Admission on the day

1. Arrive at the Surgery Reception on the 2nd floor between 07:30 and 08:15. Pets arriving after 08:15 may be moved to a later date.
2. Tell the nurse when your pet last ate and drank, and about any allergies or medicines.
3. Sign the anaesthetic consent form and give a mobile number you will answer.
4. Wait while the nurse weighs your pet and fits its identity collar.

5. Collection and changes

A nurse will call you when your pet is awake; most go home between 15:00 and 18:00. If you need to change or cancel a booking, call the surgery line on 042 118 640 at least 48 hours before the admission time. Every booking needs a surgery deposit of 1,500 baht, paid when you book and deducted from the final bill. Bookings cancelled with less notice lose the deposit, unless the pet is unwell.

Fictional document created for testing a question-answering system. All names, figures and organisations are invented.
