TOWER C ROOT-ZONE SHUTDOWN

Ref. TLT-CS-2026-17 · Issued 1 October 2026 · Applies 6 October to 2 November 2026

TO: All Kitchen Standing Order customers
FROM: Priscilla Goh Wei Ling, Director of Customer Supply
SUBJECT: Supply, credits and delivery while Tower C is replanted

1. WHAT HAPPENED AND WHEN SUPPLY RETURNS

On 22 September 2026 our head grower, Haziq bin Rosli, found Pythium root rot in 3 of the 14 racks of Tower C (lettuces and kale). As all racks share nutrient loop C2, the whole tower is offline. Replanting starts on 6 October 2026 after loop C2 is drained, flushed and relined. The first Tower C harvest is expected on **3 November 2026**. Towers A and B use separate loops and are not affected.

2. YOUR STANDING ORDER DURING THE SHUTDOWN

Listed substitutes are sent automatically at your usual price. To decline one, reply to your weekly confirmation e-mail by 18:00 on the Sunday before the delivery week; we then credit the Table 1 rate for every kilogram declined. Credits exclude GST and are deducted from your November 2026 invoice.
