Centre Guide: Sealing, Storing and Handing Over Answer Script Parcels

Saeng Panya National Examinations Board (SPEB), Script Logistics Section · Ref. SPEB-LOG-G04, version 2 · Issued 14 December 2026 · Applies to the March 2027 Grade 12 Leaving Examination

This guide explains, step by step, what an examination centre must do with completed answer scripts from the moment a session ends until the scripts leave the centre in an SPEB collection van. It applies to all 1,186 centres running the Grade 12 Leaving Examination (G12LE) from Monday 1 March to Monday 8 March 2027. Version 2 replaces the October 2025 guide; the main changes are the new grey parcel bags, the shorter sealing window and the higher custodian allowance.

1. Roles at the centre

- **Centre Manager:** normally the school director. Appoints the Script Custodian by 15 January 2027 on Form SL-1 and is accountable to SPEB for the centre as a whole.
- **Script Custodian:** a permanent staff member who is not teaching any G12LE subject. Receives sealed parcels from the exam rooms, stores them and hands them to the collection crew.
- **Chief Invigilator:** one per exam room. Counts the scripts and seals the parcel for that room.
- **Regional Collection Officer:** an SPEB employee who plans collection routes and is the first contact for any parcel problem. For the Northeast region this is Mr. Somkiat Laohaphan at the Khon Kaen office.

2. Sealing the parcel in the exam room

1. When the session ends, the Chief Invigilator collects the scripts in seat-number order and checks the count against the room attendance sheet.
2. Place the scripts in a grey tamper-evident bag. Each bag carries a printed serial number starting with "SP-27-". A bag holds at most 40 scripts; a room with more candidates uses a second bag, and both serial numbers go on the attendance sheet.
3. Put the top copy of the attendance sheet inside the bag, on top of the scripts. Keep the yellow copy for the centre file.
4. Peel the strip and press the seal closed. Sealing must be finished within 20 minutes of the end of the session. Under the October 2025 guide the limit was 45 minutes; that limit no longer applies.
5. The Chief Invigilator and one other invigilator sign across the seal label with a blue ballpoint pen and write the session code, for example "TH1-AM".
6. Unused blank scripts and question papers never go into the grey bag. Return them in the white envelope supplied for that subject.

Absent candidates. Do not place an empty or name-only script in the bag for an absent candidate. Mark "ABS" next to the seat number on the attendance sheet instead. Scripts of candidates who left early are bagged with the rest of the room.

Fictional document created for testing a question-answering system. All names, figures and organisations are invented.

3. Storing parcels before collection

The Chief Invigilator carries the sealed bags straight to the Script Custodian, who checks each seal, records the serial numbers in the centre log and signs the attendance sheet's yellow copy as received.

- Store all bags in a locked steel cabinet in a room with no ground-level windows. Wooden cupboards and staff rooms are not acceptable.
- The Script Custodian holds the cabinet key. The only spare key is kept by the Centre Manager in an envelope that is signed across the flap and opened only in an emergency.
- Overnight storage is allowed only at centres on an extended route (see section 4). Every other centre must have no parcels left on site after the day's collection.

4. Handover to the collection crew

An SPEB van collects parcels from each centre between 16:30 and 18:00 on every examination day, after the afternoon session ends at 15:30. Centres more than 150 km by road from their regional office are on an extended route: their parcels stay in the locked cabinet overnight and the van collects them by 09:00 the next morning. Parcels from the final day, Monday 8 March 2027, are collected the same day at every centre, including those on extended routes.

1. Ask the crew for their SPEB identity cards and check the names against the crew list e-mailed to the Centre Manager at 12:00 that day. Do not hand over parcels to anyone not on the list.
2. Read out each serial number while the crew leader ticks it on Form SL-3, the Script Handover Manifest.
3. Both the Script Custodian and the crew leader sign and date Form SL-3. The crew takes the white and blue copies; the centre keeps the pink copy for 12 months.
4. If the van has not arrived by 18:30, phone the Script Logistics Hotline on 02-417-5530. Keep the parcels locked away and do not send them by post, courier or a staff member's car.

5. Damaged seals and missing parcels

If a seal is torn, a serial number is unreadable or the script count looks wrong, do not reseal or open the bag. Place the whole bag inside a red over-bag, write the serial number on it and report it to your Regional Collection Officer within 1 hour of finding the problem. The Script Custodian then completes incident Form SL-9 and gives it to the crew with the parcel.

6. Custodian allowance and contacts

SPEB pays the Script Custodian an allowance of 350 baht per examination session handled, together with a one-off briefing fee of 500 baht for attending the online custodian briefing on 10 February 2027. Until 31 December 2026 the session rate was 280 baht. A centre that runs both a morning and an afternoon session on the same day counts as two sessions. The allowance is paid to the custodian's bank account by 30 April 2027 after SPEB receives the Centre Manager's claim on Form SL-7.

Questions about this guide go to Ms. Duangporn Thepkasem, Head of Script Logistics (scripts@speb.example, 02-417-5500). The hotline is open 06:30 to 20:00 on exam days.
