Incident Report: Misdated Completion Certificates

RianRuu Online (RianRuu Learning Co., Ltd., Chiang Mai) · Ref. INC-2026-031 · Issued 14 September 2026

1. Summary

Between 21:40 on 2 September and 09:15 on 4 September 2026, the CertMint certificate service printed the course start date instead of the learner's completion date on every certificate it issued. Grades, course hours and learner names were correct. The fault came from platform release 4.7.2, which changed the field CertMint reads for the date. Report owner: Ploenpit Charoensuk, Head of Learner Records.

2. Impact

In total 1,286 certificates across 19 courses were affected, the largest group being 412 for the Professional Bookkeeping Level 2 course. Before the fix, 342 of them had been downloaded as PDF, 57 had been shared through an employer verification link and 23 printed copies had been dispatched by courier.

3. Timeline

- 2 September, 21:40: release 4.7.2 deployed.
- 4 September, 08:20: first learner complaint received by the help desk.
- 4 September, 09:15: certificate issuance paused by Narongrit Thammasak, Platform Engineering Lead.
- 4 September, 16:30: platform rolled back to release 4.7.1.
- 5 September, 10:00: issuance resumed; courses finished during the pause were certified with the correct date.

4. Corrective actions

All 1,286 certificates were revoked and reissued with the correct date and a new verification code by 12 September 2026. The old codes show the status "Superseded" on the verification page until 11 December 2026 and are then removed.

Free reprint of printed copies: a learner who received a misdated printed certificate gets one free corrected reprint. The request must be made through the Help Centre form by 31 October 2026. Printed copies ordered on or after 12 September already show the correct date and are not covered. Reprints outside this offer cost the normal courier fee of 380 baht (350 baht until 30 September 2026).

Note. If a misdated certificate was already used in a job or scholarship application, the learner may request a signed explanation letter from Learner Records. The letter is free and is sent as a PDF within 5 working days.

Prevention: from release 4.8.0, CertMint checks the printed date against the completion record and stops any mismatched certificate.

Fictional document created for testing a question-answering system. All names, figures and organisations are invented.
