Cash, Coin and Damaged Banknote Deposit Rules

Kaewsiri Savings Bank · Ref. KSB-DEP-11, version 4 · Effective 1 December 2026

1. Purpose and scope

These rules explain how Kaewsiri Savings Bank accepts cash paid into savings and deposit accounts at its 46 branches in northern and northeastern Thailand and at its cash deposit machines. They apply to Everyday Savings accounts, Junior Saver accounts, Fixed Deposit accounts funded in cash, and business savings accounts. They replace version 3 of 15 January 2025. Deposits by cheque, by bank transfer and through the mobile app are covered by separate rules (KSB-DEP-04).

The rules are owned by the Head of Branch Operations, Wanpen Sukhawadee. Damaged banknotes that cannot be valued at a branch are assessed by the Khon Kaen Cash Centre, managed by Thanakorn Ruangsri.

2. Terms used in these rules

- **Business day:** Monday to Friday, except Thai public holidays and bank holidays announced by Kaewsiri Savings Bank.
- **Cut-off time:** the time after which a counter deposit is given the value date of the next business day. Interest on savings accounts is calculated from the value date.
- **Loose coins:** coins brought in jars, boxes or plastic bags that the bank must sort and count.
- **Bagged coins:** coins of one denomination in the bank's free clear coin bags, sealed and labelled with the account number and the number of coins.
- **Third-party depositor:** any person paying cash into an account that is not their own and of which they are not a joint holder or registered guardian.

3. Cash deposits at the counter

Customers fill in deposit slip KSB-D1 or give the account number to the teller, who counts the cash in front of the customer and prints a receipt.

- Cut-off time on business days: 15:30. Cash deposited after 15:30 is credited at once but carries the value date of the next business day.
- Saturday branches: the 9 branches inside shopping centres open on Saturdays from 10:00 to 17:00. Saturday deposits carry the value date of the following Monday, or of the next business day if Monday is a holiday.
- All banknote denominations and all Thai coins are accepted at the counter, subject to the coin rules in section 5.

4. Cash deposit machines

Cash deposit machines accept 100, 500 and 1,000 baht notes only. Notes of 20 and 50 baht, coins and damaged notes must be paid in at a counter. Each machine transaction takes up to 100 notes, and a

Fictional document created for testing a question-answering system. All names, figures and organisations are invented.

single card or account number can deposit up to 200,000 baht per calendar day through all machines together. Until 30 November 2026 this daily limit was 100,000 baht.

Machine deposits made between 06:00 and 22:00 receive the same day's value date; deposits made between 22:00 and 06:00 receive the next calendar day's value date. Notes that the machine cannot read are returned to the customer at the end of the transaction. A note that the machine identifies as possibly counterfeit is kept, and the machine prints a retention slip. The branch that owns the machine contacts the customer within 3 business days with the result of the check. Notes found to be genuine are credited with the original value date; counterfeit notes are handed to the police and no value is paid.

5. Coin deposits

5.1 Free allowance and fees

Each customer may deposit up to 500 loose coins per day free of charge. For loose coins above 500, a counting fee of 2 % of the value of all the coins in the deposit is charged, with a minimum of 20 baht. Bagged coins are always counted free of charge, whatever the number, provided each bag holds a single denomination and the label is correct. Standard bag sizes are 500 coins of 1 baht, 200 coins of 5 baht and 200 coins of 10 baht; 2-baht coins go in 1-baht bags but must not be mixed with 1-baht coins.

Junior Saver account holders aged under 15 pay no counting fee on loose coins of up to 3,000 coins per visit. Above 3,000 coins in one visit, the normal 2 % fee applies to the whole deposit.

5.2 Large coin deposits

Deposits of more than 2,000 coins, whether loose or bagged, must be booked at least 1 business day in advance with the branch, and can only be made at the three branches with coin-sorting machines: Khon Kaen Mittraphap, Udon Thani Pho Si and Nakhon Ratchasima Mukkhamontri. Other branches accept up to 2,000 coins per customer per day. Large coin deposits may be left at the branch against a sealed-bag receipt; they are then counted and credited by the end of the next business day.

Coins of 25 and 50 satang are accepted up to a total value of 100 baht per deposit. Bent, corroded or foreign coins are returned to the customer.

6. Damaged banknotes

Damaged notes can be paid into a Kaewsiri account but cannot be exchanged for cash over the counter. The teller values a note on the spot when its condition is clear:

- Torn, taped, written on, faded or slightly discoloured notes with more than 75 % of the note present: full value.
- Notes with more than 50 % and up to 75 % present, where at least one serial number can be read: half value.
- Notes with 50 % or less present: no value at the branch; the customer may ask for a Cash Centre assessment.

Notes that are burnt, glued together, stuck in a block, eaten by insects or termites, or contaminated with chemicals, mould or oil are not valued at the branch. The teller seals them in a pouch with Form KSB-DN3, gives the customer a copy and sends the pouch to the Khon Kaen Cash Centre. The Cash Centre gives its decision within 15 business days of receiving the pouch and credits the value directly to the

account named on the form; the result is sent by SMS and by letter. Assessment is free, except that contaminated notes carry a handling fee of 300 baht per pouch, deducted from the amount credited.

Each customer may hand in up to 20 damaged notes per calendar month at branches. Larger quantities, for example after a house fire or flood, are accepted by appointment directly at the Khon Kaen Cash Centre, open Monday to Friday from 08:30 to 15:00.

Note. Do not try to separate, wash, iron or dry burnt or wet notes yourself. Put them in a firm box or a sealed plastic bag as they are and bring them to the branch.

7. Large and third-party cash deposits

A source-of-funds declaration on Form KSB-SF2 is needed when a single cash deposit, or several cash deposits on the same business day into one account, reach 500,000 baht or more. The form records where the cash came from and the depositor's relationship to the account holder. Business savings accounts with a completed Business Cash Profile that has been reviewed in the last 12 months have a higher threshold of 2,000,000 baht per day. Until the profile review is completed, the 500,000 baht threshold applies to business accounts as well.

Third-party depositors are welcome, with these limits:

- A third-party depositor paying in more than 50,000 baht must show a Thai ID card or passport, and the teller records the name on the receipt.
- Third-party deposits into a Junior Saver account are limited to 10,000 baht per day. The registered guardian has no limit.
- Accounts marked dormant (no customer-initiated transaction for 24 months) cannot receive third-party cash. The account holder must reactivate the account in person with ID before any cash is accepted.

8. Counting differences and complaints

If cash left at a branch or a machine is later found to differ from the amount on the receipt, the branch corrects the account within 5 business days and informs the customer by SMS, with the count record available on request. A customer who disagrees with a count, a coin fee or a damaged note valuation may ask for a review within 30 days of the deposit. Reviews are carried out by the branch manager, who checks the camera recording and the count record and replies in writing within 10 business days. If the customer is still not satisfied, the case is passed to Branch Operations, whose decision is final within the bank.

Questions about these rules can be raised at any branch, through the Contact Centre on 043 255 900 (daily 07:00 to 21:00), or by letter to Branch Operations, Kaewsiri Savings Bank, 88 Na Mueang Road, Khon Kaen 40000.
