Policy on Keeping Savings in the Fund after Leaving Employment and Instalment Payouts

Banyen Ceramics Employees' Provident Fund · Ref. BCPF-POL-07, version 3 · Approved by the Fund Committee on 18 November 2026 · Effective 1 January 2027

1. Purpose and scope

This policy explains what happens to the savings of a member of the Banyen Ceramics Employees' Provident Fund (the "Fund") when the member stops working for Banyen Ceramics Co., Ltd. at its Lampang plant or its Hang Chat glazing workshop. It replaces version 2 of 1 July 2024.

The Fund is managed by Saeng Prakai Fund Management Co., Ltd. (the "Fund Manager"). The member's own contributions and their returns always belong to the member in full; the employer's share vests as set out in section 3.

2. Choosing what to do with your balance

Every leaver must tell the Fund what to do with their balance by returning Form BC-PF5 ("Leaver's Choice") within 45 days after the last working day. Until 31 December 2026 this period was 30 days. The form offers four choices:

1. Lump-sum payout of the whole vested balance to the member's bank account.
2. Become a retained member and keep the whole vested balance invested in the Fund.
3. Transfer the balance to the provident fund of a new employer (section 6).
4. Instalment payout, for retirees only (section 5).

If no form is received by the 45th day, the Fund treats the leaver as having chosen option 2 for up to 12 months. After the 12 months the Fund pays the balance as a lump sum to the bank account on the leaver's record.

A leaver may become a retained member only if the vested balance on the last working day is at least 20,000 baht. Smaller balances are paid as a lump sum within 30 days after the form is received or after the 45-day period ends, whichever comes first.

3. Vesting of the employer's share

The vested part of the employer's share depends on the member's completed years of Fund membership on the last working day:

- Less than 3 years: 0 % of the employer's share.
- 3 years or more but less than 5 years: 50 %.
- 5 years or more: 100 %.
- Retirement at age 55 or above, disability or death: 100 %, whatever the length of membership.

A member dismissed for serious misconduct under the company's work rules receives only the member's share; they may still become a retained member if that share is at least 20,000 baht.

Fictional document created for testing a question-answering system. All names, figures and organisations are invented.

4. Retained membership

A retained member keeps the same investment plan and receives the same returns as working members, but no new contributions can be paid in.

- **Maximum period:** a member who leaves before age 55 may stay a retained member for up to 5 years after the last working day. A member who retires at 55 or above may stay until the end of the year in which they turn 75.
- **Annual fee:** 500 baht per year, deducted from the balance on 1 March. Retirees aged 55 or above pay a reduced fee of 200 baht per year. No fee is charged in the calendar year of the last working day.
- **Partial withdrawals:** not allowed for members who left before age 55. They may only take the whole balance at once or transfer it.

5. Instalment payouts for retirees

Members who retire at age 55 or above may ask for their balance to be paid in instalments using Form BC-PF7. They may choose monthly, quarterly or yearly payments. Each payment must be at least 5,000 baht. The first payment is made on the 25th of the month after the form is approved.

A retiree may change the payment amount or frequency once per calendar year and may stop the instalments at any time to take the remaining balance as a lump sum. When the remaining balance falls below 5,000 baht, it is paid in full with the next payment.

6. Transfers to another provident fund

A leaver or retained member who joins a new employer with a registered provident fund may transfer the whole vested balance there at any time during the retention period. The member sends Form BC-PF8 with a letter from the new fund confirming it will accept the transfer. The Fund Manager transfers the money within 15 business days after receiving complete documents. The transfer is free of charge if it is requested within 12 months after the last working day; a transfer requested later costs 300 baht.

7. Responsibilities

- **Fund Secretary, Thitima Boonrueang** (HR Benefits Office, Room 214, Administration Building, Lampang plant): gives Form BC-PF5 to every leaver at the exit interview, collects completed forms and sends the last working day and years of membership to the Fund Manager within 5 business days.
- **Member Services, Saeng Prakai Fund Management, led by Chanin Rattanaphol:** keeps the records of retained members, makes all payouts and transfers, and issues each retained member an annual statement by 31 January.
- **Fund Committee, chaired by Orathai Wongkhiaw:** decides on appeals. A member who disagrees with a decision on vesting or payment may appeal in writing to the Fund Secretary within 60 days; the Committee gives its decision within 30 days after receiving the appeal.
